SALARY: \$27.27/hour (2025 Minimum Hire Rate)

VACANCIES: The eligible list established as a result of this examination will be used to fill present and future vacancies as they occur in the Madison County Office of Emergency Management.

MULTIPLE EXAMINATIONS SCHEDULED FOR THE SAME DAY: If you have applied to take a written test announced by either one or several local jurisdictions (county, town, city) scheduled to be held on the same test date as this written test, you must notify each of the local jurisdictions no later than two weeks before the test date, so they can make arrangements for taking all tests at one test site. All examinations for positions in State government will be held at a State examination center.

DISTINGUISHING FEATURES OF THE CLASS: The work involves responsibility for supervising, directing and performing activities on an assigned shift in the County's Communications Center. Most of the functional duties are similar to those of a Communicator; however, supervisory responsibilities distinguish the senior level position. The work is performed under the general supervision of the Director of Emergency Management Services and E911 Director and the direct supervision of the Supervising Public Safety Communicator with leeway allowed for independent judgement and decision making. Supervision is exercised over the work of Communicators as assigned. The incumbent performs related work as required.

MINIMUM QUALIFICATIONS:

PROMOTION: Limited to current employees of the Madison County Office of Emergency Management with at least two (2) years of continuous service as a Public Safety Communicator for Madison County.

NOTE: According to Civil Service Law, section 52.10(a) which became effective September 4, 2024, time served provisionally immediately preceding permanent appointment shall count towards meeting the time in title and the employee shall be eligible to take the promotion examination.

Seniority Points will be added to the written test score of candidates who pass the written test in accordance with County policy. Rating is based on the length of continuous permanent classified service. A copy of the seniority policy is available from the Madison County Personnel/Civil Service Department or a copy is posted on the Madison County Personnel Department's intranet page.

SUBJECTS OF EXAMINATION: A written test designed to evaluate knowledge, skills and/or abilities in the following areas:

Coding/decoding information: These questions test for the ability to follow a set of coding rules. Some questions will require you to code information by converting certain information into letters or numbers. Other questions will require you to decode information by determining if the information that has already been converted into letters or numbers is correct. Complete directions will be provided; no previous knowledge of or training in any coding system is required.

Understanding and interpreting written material: These questions test for the ability to understand and interpret written material. You will be presented with brief reading passages and will be asked questions about the passages. You should base your answers to the questions **only** on what is presented in the passages and **not** on what you may happen to know about the topic.

Work planning and scheduling: These questions test for knowledge of the principles used in developing and implementing work plans and for the ability to arrange work assignments in a manner that will achieve work goals while staying within scheduling criteria. This may include setting up vacation or work schedules, taking into consideration such factors as seniority, work skills, duty hours, and shift coverage.

Retaining and comprehending spoken information from calls for emergency services: These questions test for your ability to retain specific information that is heard in calls for emergency service, such as a street address, or to comprehend spoken information from emergency service calls, such as determining the location of a site in relation to landmarks. Simulated 911 calls will be played via MP3 download. Immediately following each call, candidates are

given audio instructions identifying which questions they are to answer within the test booklet. The questions that candidates are directed to answer for each simulated call will not be in sequential order. Candidates will need to retain and comprehend the information and instruction provided in this portion of the test to respond appropriately to the questions asked and to determine which questions to answer. The time allotted to answer these questions will be limited. At the end of each answer period, the MP3 download will automatically play the next call. Note paper will be provided. Candidates will be permitted to take notes and to refer to them when answering the questions.

Radio operations and dispatching procedures: These questions test for knowledge of two-way radio systems and operations, and may cover dispatching procedures when appropriate.

Supervision and training: These questions test for the knowledge required by a supervisor to set goals, plan and organize work, train workers in how to do their jobs, and direct workers towards meeting established goals. The supervisory questions cover such areas as assigning and reviewing work, evaluating performance, maintaining work quality, motivating employees, increasing efficiency, and dealing with problems that may arise on the job. The training questions cover such areas as determining the necessity for training, selecting appropriate training methods, and evaluating the effectiveness of training.

CALCULATOR: Unless otherwise notified, *candidates are permitted to use quiet, hand-held, solar or battery powered calculators*. Cell phones, devices that may be connected to a computer, and devices with typewriter keyboards, "Spell Checkers", "Personal Digital Assistants", "Address Books", "Language Translators", "Dictionaries", or any similar devices are prohibited.
